Each September, the Reamstown Memorial Park Association sponsors "Reamstown Days." This two-day event offers the local community food, games and live concerts while raising funds for the maintenance of the Reamstown Memorial Park. Each year the East Cocalico Lions Club sell their delicious French Fries at this event, donating the fries themselves and supplying the "Lion Power". All monies taken in that weekend are donated back to the Park Association. Recently, Lion Mark Janke presented a check for \$1,911.00 to the Park Association, representing this donation. Pictured here, left to right, are Park Association members Kelly Tressler, Cheryl Sweigart, Judy Burkholder, and Carroll Smith accepting the donation from Lion Mark Janke. The East Cocalico Lions, who have been "Lighting the Way" in their community for more than 75 years, is part

of this largest service organization in the world with clubs in over 209 countries or geographic areas with over 1.35 million members. The club will continue their support of the Reamstown Memorial Park Association and will continue to "Serve" their community into the future.

Oct. 21 Fish & Shrimp Fry

Sold out of baked potatoes by 4:30!

See ya in the Spring.

On October 24th ECL held an open casual social meeting with a simple buffet and refreshments. Current members were encouraged to invite folks they felt would share our interest and dedication to serving our community and beyond. After a brief welcome by Lion President "Chuck" Holsey, PDG Bruce Carpenter provided an overview of Lionism, its mission, and the extent of its organization throughout the world, inviting our guests to learn more through the information packets that had been prepared (with applications). Then representatives from Ephrata Area Social Services, Lancaster Hospice & Community Care, PA Breast Cancer Coalition, and Reamstown Memorial Park Association told the audience of their history with ECL and the funding support we've provided for years, especially through ECL's annual Black Friday (brrr!) toll road event in the Reamstown "square". We seem to have gained three new members so far, and others have expressed definite interest.

We need to make the public in general, and certainly members of our own communities, more aware of what Lions Clubs stand for and the support and services we provide. The more our communities know about Lions, the more support (and members) we're likely to have.
